### ADDITIONAL INFORMATION

Competition Films are announced mid-April. The American Pavilion's programming of guests and presenters depends upon the selected slate of films and talent that will be at the Festival. Last minute programming is normal in Cannes and is highly dependent upon actors', directors', producers and film professionals' schedules. An events schedule will be shared in the days leading up to the start of our tour and daily updates provided during the Festival.

Observation of COVID 19 safety protocols will be required. Depending upon conditions at the time of travel, this could include proof of vaccination, masking, and/or frequent testing. We will keep guests updated regarding policies and safety measures put forth by the French State Department and the Festival organization.
